About Our Company

"Anything worth having takes time."

The Company was founded in 2016 by providing home call outs for minor and major Services. We specialized our Service to Refurbishment of Cracked Dashboards and Steerings and outsource the ECU Box services.

The Pretoria Dashboard & Airbags Specialist was then properly established in 2018 when we managed to secure a premise to work from. We have not looked back since this time and we also reintroduced home and roadside assistants during and post Covid-19 Era on Dashboard services and Mechanical services e

The Future of Pretoria Dashboard & Airbags Specialist

The Future is Extensively unpredictable but we have hopes and plans of consistency to continue in archiving good results on Clientele growth and improved leg times and general service provision and support for our clients.

The Grey curve on the graph Represents Mechanical Services provision Side with substantial fluctuations as we have good referral structures in place with the same clients we have worked for helping us with more clients. We hope to intensify our Home and Side road-assistance services in Mechanical works, gearboxes bol joints suspension, differentials among many other desiel and petrol engine services.

The Black graph Represents our Major Trade of the Dashboard Refurbishment and Airbags care which we are experiencing a sharp growth Span along the years. We also have hopes that the consistency may be maintained in an industry that is mainly dominated with other players who also have years of experience in business.

What We Value

We value our relationships with our clients more than anything we can think of. Mutual respect and transparency in the provision of services. Trust will not be a topic for discussion or reiterate if the above values are satisfied without failure.

We have partnered with a number of service providers in our road to perfection. A few things stood out for us as non-negotiable when it comes to our services structure.

We also understand the pain of paying for a service that is not rendered in perfection or without integrity.

It is our guarantee to try and give the best service possible to our clients. At times we go an extra Mile in our conquest to provide a one stop solution for Clients.

We have partnered with a number of service providers who does what we are not doing. This helps us to consult on behalf of our clients and if they are interested.

work & play

We occasionally hosts team building events to keep our staff motivated and some of our clients who might participate entertained. This help us explain out culture as a workforce and our expectation as the best service provider in a more relaxed environment

We accept corrections and suggestions for a better experience at Pretoria Dashboard and Airbag Specialist. This shapes a better version of us as we progress in providing a better service experience for our Clients and our employees.

This is the real secret of life -- to be completely engaged with what you are doing in the here and now. And instead of calling it work, realize it is play.

Alan Watts

Company Guidelines

02 Benefits

A one stop service for all your miscellaneous vehicle service needs all structured under one roof. Best value added service you can trust at a very affordable rate as compared to our competitors.

04 Future Of Work

We are prospective of buying a property of our own that we can subdivide into the various components of our trade that we are still outsourcing for quality assurance purposes.

This property will help us establish an academy side of our business where we will embark on teaching practical ways of living through diesel engines, petrol engines, Dashboard and Airbag among other areas of specialty.
